(Butte Native Plant Propagation Nursery) \$289,922"

Explanation - This amendment adds the Montana Tech project, for native plant propagation, to the list of RDGP grants.

IMPORTANT NOTE: The funding of this project is contingent on the passage of HB 116 with additional funding for the natural resource projects. As such, to fund this project, an amendment to the coordination amendment is required. Such an amendment to the amendment would increase the grant appropriation (in section 1 of this act) by \$289,922 (or \$300,000) to fund this project.

Because amendments to amendments cannot be written, this change would need to be handled as a conceptual amendment.
